

Elm Court School

The Pathways Programme

From the start of Key Stage 4, pupils progress along their own options for Pathways.

All pupils study for qualifications in the core subjects, Maths, Science, English, PE, RE and PSHE. But alongside these, the subjects and qualifications they study are chosen by them.

Currently, our pupils can choose to study for qualifications from the following list of subjects:

- BTEC Creative Media
- BTEC Art
- NCFE Music Technology
- NCFE Creative Craft – Woodwork
- NCFE Creative Craft – Heritage Skills
- FGCSE Entry Level Spanish
- BTEC Home Cooking Skills
- Geography
- History
- BTEC Performing Arts (Dance, Music and Drama)
- BTEC Hair and Beauty
- BTEC PE or Sports Leaders
- Computing
- Health and Social Care
- BTEC Hospitality & Tourism
- BTEC Horticulture
- BTEC Childcare
- NCFE Building Skills (studied at specialist off-site provision).

Each year, we aim to put on the courses that will best meet each pupils' interests, talents and needs.

We add to our list of courses depending on pupils' interests. Qualifications, including those studied at off-site provision, can be built up over time from Units to Awards, Certificates and finally Diploma level should pupils decide to continue studying the same subject. They are available at different levels to match our pupils.
