

Radicalisation and Neurodiversity Workshops for Parents

Join our evidence-based workshops that provide the tools and knowledge to safeguard against online radicalisation while addressing the unique challenges faced by neurodiverse communities.

What You'll Learn:

- Examples of how online spaces are used to radicalise young people
- The link between ASD/ADHD and Radicalisation.
- The differences in neurodiverse experiences based on gender, race and class.
- Research-backed case studies on the influence of apps, streamers, VR chats and much more.
- Detailed breakdown on how Online Grooming manifests

Starting from February 23rd

10:00 AM - 13:00 PM
